Discussion – Riverfront Trail Phase I:

Mayor Cole presented mapping and cost estimates for completing 1,475 feet of trail 9 feet in width and 6 inches deep. He proposed that a gravel riverfront trail, as phase one, would allow the public immediate usage and provide a foundation for an asphalt or concrete finish later. It was also presented that excavation work will be required in constructing the volleyball courts and costs could be saved by having the excavation done for the trail at the same time.

Cost estimates presented included ¾ minus rock at \$4,480 from Goble Rock Products and labor by Triton Lawn and Yard at \$2,000 for a total of \$6,480.

Motion by Scott, 2nd by Bill to approve Mayor Cole's request for funding, not to exceed \$7,000, for the first phase of the waterfront trail.
Passed unanimously
